DECISION GRANTING STATUS
UNDER 37 CFR 1.47(a)

This is in response to the renewed petition under 37 CFR 1.47(a), filed December 20, 2002.

The petition is GRANTED.

Petitioner has shown that the non-signing inventor has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the petition attest a copy of the application was sent to non-signing inventor's last known address. Receipt of the application papers was confirmed via a signed return receipt. The non-signing inventor's failure to respond to the application mailing sufficiently establishes that they refuse to execute the application papers.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

The Office apologizes for the delay in responding to the renewed petition which was not timely matched with the application file. Accordingly, the Notice of Abandonment is withdrawn as petitioner did in fact timely respond to the October 21, 2002 decision.

This application is being forwarded to the Office of Initial Patent Examination for further processing.

Telephone inquiries related to this decision may be directed to the undersigned at (703) 306-0251.
